Terms and Conditions

1. Street Bores: Street cut shall be kept to a minimum. Service laterals to be bored.
2. Dirt: All dirt shall be hauled off and brought back as needed. No pipe, dirt, asphalt, sand, asphalt, etc. shall be stock piled on any City right-of-way. Sidewalks and roadways must be cleaned immediately after construction work is completed.
3. Traffic: **If site involves lane closures**, provide adequate barricades, flaggers, or off duty police officers to handle traffic at all times. At least one lane of traffic shall be open at all times, if this is not feasible, you must request permission to close the street, post adequate detour signs and barricades and notify the Decatur police department (404) 373-6551.
4. Start of Work: **If site involves lane closures**, notify the Decatur police Department (404) 373-6551 and this office at least 24 hours before the start of work. Prior to pouring concrete submit Engineering Inspection Request to Engineering Inspector.
5. This permit is valid 30 days from the date of issuance. If work is not commenced within this time period the permit will expire.
6. Restoration work at each excavation shall commence upon completion of the excavation or as soon as practicable thereafter. Do not wait until the entire project is completed to begin excavation work.
7. Pavement restoration shall be in accordance with City standards, which includes benching back one foot on either side of the trench and Georgia DOT standards. No trench shall be left open overnight and shall be plated as required.
8. Changes: Any deviation from the approved plan must be approved by this office prior to implementation.
